

Language Paper 2 – Cheat Sheet

What is it all about?

This paper has five questions to answer and you will need to complete all of them to achieve your target grade. Questions 1-4 are based on two non-fiction texts and are worth 25% of your overall GCSE English Language grade (40 marks). Question 5 is a writing task where you will be instructed to write a non-fiction text. Again, it is worth 25% of your overall grade (40 marks).

Timing

You should spend 60 minutes on the reading section and 45 minutes on the writing section.

Start by **reading the blurb** for each text and then **read and highlight** the key information in the questions.

- **5 minutes:** Question 1
- **10 minutes:** Question 2
- **15 minutes:** Question 3
- **25 minutes:** Question 4

Question 2 – Summarising two texts 8 marks

You need to compare what you learn from two texts about a particular topic. E.g. *What are the differences between how the two boys play?*

Top tips:

- ✓ Highlight what the question wants you to focus on – it will always be specific.
- ✓ Highlight whether the question is asking you to look for similarities or differences.
- ✓ Name the source you are referring to (A or B)
- ✓ Use quotes to back up your points.
- ✓ Infer by saying what the hidden meaning is in a quote
- ✓ Use comparative statements as well as connectives e.g.

Better, happier, faster, noisier

In contrast, However Similarly Likewise

Good way to structure your answer:

(Text 1 difference or similarity + quote + infer) + (text 2 difference or similarity + quote + infer) X2 + a final comparative statement = a good response 😊

Question 4 – Comparing views and methods 16 marks

This will ask you to compare the writers' viewpoints or attitudes AND the language/structural methods that they use in their writing.

- ✓ Identify what both writers think about the subject and explain how this is similar or different in your introduction.
- ✓ Find **three** quotes from source A which show what the writer thinks about the subject and analyse them using subject terminology.
- ✓ Then find three quotes from source B and explain how this viewpoint is similar or different using comparative connectives (see below) and subject terminology.

TOP TIP: Think: What does source A say? How does source A say it (subject terminology)? What is the effect on the reader? Comparative connective, then what does source B say? How does source B say it (subject terminology)? What is the effect on the reader?

Question 1 – True or false? 4 marks

You will need to identify the four pieces of information, which are TRUE from the list.

- ✓ Read the statements carefully – it might not be obvious.
- ✓ Only shade in 4 answers.
- ✓ Only spend five minutes on this question – even if you have not completed it, move on!

Question 3 – Language analysis 12 marks

You need to analyse the language that the writer has used and explore the impact that it has on the reader.

Top tips:

- Identify the key focus of the question and refer to it throughout
- Include the writer's name in your answer
- Use short, embedded quotes (preferably no more than five words)
- Explain why the writer has chosen to use particular methods or language techniques and refer to them using the correct terminology.
- Focus on the WHY. Try to question the text by using the question stem: "Why did the writer...?"

Good way to structure your answer:

1. Respond to the question
2. Embed a quote
3. Refer to a method the writer has used
4. Explain why the writer made that language choice and what the impact was.

Question 5 – Argument writing 40 marks

You will be asked to write either a letter, speech, essay, leaflet or article.

You are marked on SPAG (16 marks) and Content and Organisation (24 marks).

Make sure you:

- ✓ Plan your work, thinking about how you can make your argument convincing.
- ✓ Write at least five paragraphs
- ✓ Write in sentences that make sense, begin with a capital letter and end with a punctuation mark.
- ✓ Use the most precise and effective words you can. Take care to spell them accurately
- ✓ Use a range of sentence types and make sure you vary your sentence openers (ISPACED)
- ✓ Use a range (5+) types of punctuation
- ✓ Proof read your work before you finish and edit any mistakes.
