2 Read the following extract from High Park Residential Home’s ‘Outstanding’ inspection report. Then answer the following question.

High Park is a care home for 34 older people. The manager and staff provide person-centred care which meets the individual needs of all of the residents. Residents are asked for their views and opinions regarding decisions about their care. High standards of general hygiene were seen throughout the care home. The gardens are easily accessible by all, with wide pathways and no steps.

The inspectors saw that residents felt safe and well cared for. Staff are well trained in manual handling, first aid, British Sign Language and there are regular fire drills. The home provides a range of activities for residents to take part in, if they wish to, for example crafts, art, gardening, photography. A programme of social events is also available including music, singing and quizzes. The atmosphere is lively but inspectors also commented on the home’s calmness and the provision of a quiet room for meditation or prayer.

(a) Identify **three** of the residents’ rights. Give an example for each of how the staff at High Park maintain these rights.
