Year 10 Notices (SMSC)

Message from Mrs Thompson & Mrs B Foster

Firstly we hope you've had a great half term, taking a rest from school work for a week & are now ready to get back on it! We are hoping that you should be able to attend school for a socially distanced session from the **15th June** and more information will follow in the next week or so. Now more than ever it is important you are keeping focussed, have a good routine & are learning so we can work together to help you succeed! Remember

WORK HARD - AIM HIGH - BE KIND - SHOW GRIT!

Secondly as most of you are aware I am currently heavily pregnant so will sadly not start the new academic year with you in September but should have a new arrival at the end of July! I am still here to support you up until the summer but Mr T Wood will be temporarily taking over as your Progress Leader with Ms T Noone taking over as your Pastoral Leader from September. Across school there are some changes from September - Sadly for us Mrs Foster has been moved to help look after the New year 7's coming up in September! She will be greatly missed & is excited to meet her new year group but also gutted to be leaving our amazing year group behind! Of course as always she will still be in school & willing to help as you transition to building relationships with the lovely Ms Noone whom I look forward to working along side from Easter time next year upon my return from maternity leave.

Please as always feel free to email Mrs Foster & myself with any questions, concerns you may have & we are still looking after you all until the summer!
Stay safe, we miss you x

This Week...

heppSY have kindly produced some great advice & resources to help plan your next steps, See the next page for your Third installment.

- September changes – take a minute to read our message to you all
- Huge shout out to all of you receiving teaching & learning certificates well done keep up the good work & its fantastic to see Y10 smashing the Staff vs Student challenges! Great for well being & health, along with showing off how amazing YEAR 10 are! You are THE BEST!!

Eccoclassof2021

Please follow us and share with us your work, your hobbies and generally how you're doing! Share your heroes, thanks, fun things getting you through. Your space.

HEALTH & WELL BEING TIPS:

Creating routines for yourself can help create calm. These can be daily, weekly or less often.

They can be around your morning, how you work, how you prepare for something new.

Whilst we are remaining in our homes it is good to create a routine; this will

keep your mind/
body active
your mind calm.

Keep On Learning:

Back to it Year 10! Time to get on with your learning remember to send work in, submit it & please make contact with your class teachers or myself or Mrs B Foster if things are difficult, you're behind or struggling – a problem shared is a problem halved & we are here to help!

Careers and Higher Education resources for home learning

Subject guides to consider your options after school

Success at School have open access to all of their [subject guides](#) at the moment. If you want to know where a subject could lead if you study it after your GCSEs, have a look at these guides.

Watch 'The Nine to Five with Stacey Dooley' on BBC iPlayer

Five 16 – 18 year olds experience five different workplaces in this series. Each [episode](#) is 30 minutes long, so you've got time to chat or write about what you thought of each workplace and the roles they played after each one! Would you like to do any of these jobs?

Do some careers research

The [National Careers Service](#) has hundreds of job profiles you can look at. Have a look at a few careers and answer these questions as a starting point – what would you be doing day to day in that job? What qualifications do you need? How much could you earn?

[Discover Creative Careers](#) is an alternative website you could use if you are interested in creative jobs. Answer the following questions when looking at different careers: what would you be doing day to day in that job? What qualifications do you need? How much could you earn?

Careers and Higher Education resources for home learning

Prefer watching videos? Learn about other people's career paths on [iCould](#). A few ideas to get you started:

- Unsure what you'd like to do? Watch a few of the videos below to consider if you might be interested in any of them.
- Want a creative career or enjoy IT? Watch [Lee's story](#).
- Interested in working in health / enjoy science / want to work for the NHS? Watch [Renny's video](#).
- Interested in Law? [Sonal's story](#).
- Interested in the environment, geography, or science? Watch [Andrew's story](#).
- Enjoy English, Music or writing? Watch [Hattie's story](#).
