

Weekly Student Bulletin 06.07.20

Welcome to the Student Bulletin, here you will find new things to learn, do, investigate and explore this week!

WoW
Redeem

Challenge: Use the WoW in a sentence, text, email or conversation. You could send an example of how you have used the WoW to Mrs Bird RBird@eccoschool.com

Books of the week

Y7 – Letters from the Lighthouse by Emma Carroll

Y8 – The Enemy by Charlie Higson

Y9 – I am Malala by Malala Yousafzai

Y10 – The art of not breathing by Sarah Alexander

Ecco Book Reviews

Have you read a fantastic book recently? Design and complete a book review and send a copy to Mrs Bird RBird@eccoschool.com

Student wellbeing

A range of articles, links, videos & leaflets are available on our school website. <https://ecclesfieldschool.com/students/supporting-your-wellbeing>

Summer literacy competition

Wall of Errors

While you are out and about this summer be on the lookout for shop advertising, road signage, posters or information leaflets with spelling mistakes or grammatical errors - you'll be surprised by how many there are!

Examples:

Just take a photo, tell us where you spotted it, and e mail your picture to Mrs Bird, Miss Martin or Mr Lindon. Entries will be displayed on the 'Wall of Errors' in school. Prizes will also be awarded for the best entries from each year group.

Learn about University life in Sheffield

Check out the online modules aimed at Year 9 students, which are available to complete from home. Across the modules, you can learn about Sheffield's two universities and explore why Sheffield is a fantastic city to live, work, and study in.

Huge shout out to **Imogen C Y7** for creating a fantastic rain gauge. Well done!

Design your own weather station

Fancy tracking the weather? You could design and create instruments to help record weather information. Check out the instructions below to create a DIY rain gauge.

What you'll need:

- Plastic bottle (2L size)
- Sticky tape
- Marker pens
- A pair of scissors/craft knife

What to do:

1. Carefully cut the top off a two litre bottle using a craft knife so that you are left with a straight edge and the neck of the bottle.
2. Turn the neck upside down and push it back into the bottle. Use sticky tape to cover sharp edges if needed.
3. Use a marker pen to add a scale to the side, making it easy to tell how much rainfall has been collected.
4. Find a suitable location to set up.
5. Record the rainfall daily/weekly.

How it works:

As rain falls, the open bottle will collect the water and channel it into the storage area at the bottom. Using the top as a funnel helps to stop too much of the stored water evaporating away.

Department	What great ideas do they have for you?
Art 	<ul style="list-style-type: none"> ❖ Kids WildART 2020 - Hosting fantastic competitions with a 13 an over category https://www.rspb.org.uk/fun-and-learning/for-kids/rspb-kids-competitions/wild-art/ ❖ Free art lessons - A fantastic website that has a wide range of free art lessons and tutorials that show step by step guides on how to draw portraits and still life. Including the more difficult features students find challenging like hair. https://artyfactory.com/art-lessons.html
Photography 	<ul style="list-style-type: none"> ❖ @eccophoto - The competition for lockdown inspired documentary photography and nature inspired themes is still running. Add your photos to your Instagram feed with the #eccoflowerphoto #eccophotocomp or email miss lindley@eccoschool.com with your entries!

TOP TIP: Remember to keep checking your Google Classroom, Google Drive, Microsoft Teams and emails for your classwork. Take care and stay safe all ☺
