

Remote Learning Offer

Please download the following from which we will deliver our remote learning commitment. **All students have full access to Office 365 e.g. Word, PowerPoint, Excel, Teams and One Drive through <https://office.com>**

Every student has an **email account** and this can be accessed at home by logging in at <https://mle.eccoschool.com>. There is also an Outlook app available for mobile phones, computers and tablets. Work can be submitted to teachers via email.

Teachers will, in the main, use Microsoft Teams with classes. Teachers can run **live lessons, share resources and set assignments**. An email invitation will be sent to students. There is a phone app for teams and an app for PCs and laptops too.

Microsoft Stream will be used to **make pre-recorded videos**. These are more likely to be used by practical subjects, such as PE.

PowerPoint might also be used to **narrate** over lessons. These will be uploaded onto Teams and/or emailed out to your child(ren).

Devices

If you do not have access to a PC, laptop or tablet, you can download apps for your phone or stream from the internet.
