

Ecclesfield
SCHOOL

Dear Parents/Carers,

I am writing to inform you of the launch of our brand new Sims Parent App. The Sims Parent App is the new method of communicating with parents and allows you to track your child's attendance, punctuality, behaviour and achievements, as well as see the news and events coming up that term. It is a one-stop shop for all things Ecclesfield and it replaces our previous Parent Portal.

In the coming days you will receive an email invite (using the same email address as was used to book a parents' evening appointment) and by following the links you should be able to log into the app and see your child's profile as it is online. If you do not receive an invite, please check your junk email. If you still do not receive an invite, please contact the school as it is likely that you need to update your email address.

We plan to send the invite email within a week of the Parents' Information Evenings which are scheduled to take place on:

Y7 9th September

Y8 21st October

Y9 7th October

Y10 30th September

Y11 16th September

Sims Parent App can be accessed via a web browser or via downloading the app. Please note that the app is the simplest method of use. Upon logging into the app, you should check that your child's data is accurate ie emergency contacts, dietary requirements etc. More information about how to use the app, along with a troubleshooting guide, can be found on the school website.

We see the Sims Parent App as the future of communication at Ecclesfield School and will move away from paper letters from January 2022 onwards and only communicate via the Parent App. All letters will continue to be posted on our School website and also on our social media platforms, however we urge you to register for this new app at your earliest convenience.

We thank you in advance for your support in the roll out of the Sims Parent App.

Yours sincerely

S Melody
