Curriculum Intent

Art and Photography Department

Our Ethos

Explain the principles behind your department's curriculum By the time pupils complete their studying of Art at Ecclesfield School, they will be provided with the opportunity to follow a challenging, supportive and varied learning journey to suit their individual needs. We teach a wide range of disciplines to students across all key stages which include drawing, painting, printmaking, Photography, Photoshop, textiles and ceramics. Our students are given the opportunity to experience a wide range of themes, topics, media and processes that are underpinned by contextual investigation, knowledge and understanding. At KS3 and KS4, students are also given the opportunity to experience works of art at first hand. We place great importance on educational visits and believe that these opportunities enhance and enrich students' learning whilst also inspiring them in their own practice.
